8. Cookies and Tracking Technologies

We use cookies and similar technologies on proctorai.io and agent.proctorai.io to keep you signed in, remember your choices and, with your permission, understand how our Service is used so we can improve it. The full list of cookies is in our Cookie Policy.

8.1 Types of Cookies

Essential cookies: sign-in (Clerk), security and bot protection (Cloudflare), payments (Razorpay) and remembering your cookie choice. These cannot be switched off.

Analytics cookies: Google Analytics and Microsoft Clarity, used to measure which pages and features are used, where people get stuck, and to record anonymised sessions with form inputs masked.

Advertising cookies: we do not currently run advertising cookies. If we do in future, they will only be set with your consent.

8.2 What analytics data we collect

Analytics records events such as pages viewed, buttons clicked, sign-up, assignments created, papers graded and plan upgrades, together with your device type, browser, approximate location (city/country) and an internal account ID. We never send your name, email address, student names, student answers or uploaded files to analytics providers.

Student-facing pages (assignment submission links and student reports) do not load any analytics.

8.3 Your choices

Visitors in the European Economic Area, the United Kingdom and Switzerland are asked first and stay opted out until they accept. Everyone else sees a short notice on their first visit and can opt out with one click. You can change your choice at any time with the "Cookie settings" link in the website footer or in the app's settings. You can also block cookies in your browser or install the Google Analytics opt-out add-on.

9. International Data Transfers

We operate globally. Your data may be stored or processed in countries outside your own, including the United States.

We use appropriate safeguards such as:

Standard contractual clauses

Binding corporate rules

Consent mechanisms (where required)

10. Children's Privacy

Our services are not intended for children under 13 without verifiable parental consent.

If we learn we have collected data from a child without proper consent, we will delete it promptly.

11. Updates to This Privacy Policy

We may update this Privacy Policy periodically. When we do, we will:

Update the "Last Updated" date

Notify you via email or our platform

Request new consent where legally required

We encourage you to review this policy regularly to stay informed.

12. Contact Information

If you have questions, concerns, or requests regarding your privacy, please contact us:

Proctor AI Privacy Team

Email: upendra@proctorai.io

General Contact: upendra@proctorai.io

Response Time: Within 5 business days

Urgent Issues: Please mark your email subject as "URGENT PRIVACY MATTER."

If unsatisfied with our response, you may contact your regional data protection authority.

13. Acknowledgment

By using our services, you acknowledge that you have read, understood, and agreed to this Privacy Policy.

This policy is part of our Terms of Service and should be read in conjunction with them.

Cookie Policy

Last updated: October 9, 2026

1. What cookies are

Cookies are small text files a website stores in your browser. We also use similar browser storage (localStorage) to remember things like whether you have finished the product tour. This policy covers proctorai.io and the Proctor AI app at agent.proctorai.io, and should be read with our Privacy Policy.

2. Essential cookies

These are needed for the site and app to work: signing in, security and payments. They do not need your consent and cannot be switched off.

Cookie | Provider | Purpose | Duration |

pai_consent | Proctor AI | Remembers your cookie choice across proctorai.io and agent.proctorai.io | 6 months |

__session, __client_uat, __clerk_* | Clerk (agent.proctorai.io) | Keeps you signed in to the app and protects your account | Session to 1 year |

__cf_bm, cf_clearance | Cloudflare | Bot protection on sign-up and sign-in | 30 minutes to 1 year |

Razorpay checkout cookies | Razorpay | Processing a payment securely when you upgrade | Session |

3. Analytics cookies (optional)

These help us understand which pages and features are used, where people get stuck, and whether changes we make actually help. We record events such as sign-up, assignments created, papers graded and plan upgrades, linked to an internal account ID. We never send names, email addresses, student names, student answers or uploaded files to these providers, and recordings mask text you type.

Student-facing pages (assignment submission links and student reports) never load analytics.

Cookie | Provider | Purpose | Duration |

_ga | Google Analytics | Distinguishes visitors so we can count usage and measure our sign-up and upgrade funnels | 2 years |

_ga_KS00TZDHN4 | Google Analytics | Keeps track of your current session | 2 years |

_clck, _clsk | Microsoft Clarity | Groups page views into a session for heatmaps and anonymised session recordings | 1 day to 1 year |

CLID, MUID | Microsoft Clarity | Identifies the same browser across Clarity-enabled sites | 1 year |

Google's use of this data is described at policies.google.com; Microsoft's at privacy.microsoft.com.

4. Advertising cookies

We do not currently use advertising cookies. If that changes, they will only be set after you accept them.

5. Your choices

If you are in the European Economic Area, the United Kingdom or Switzerland, we ask before using analytics cookies and they stay off until you accept. Elsewhere analytics is on by default: a short notice tells you this on your first visit, and you can opt out with one click (closing the notice with "OK" or moving on to another page keeps it on). Your choice applies to both proctorai.io and the app and is remembered for 6 months.

Change cookie settings

You can also delete or block cookies in your browser settings, or install the Google Analytics opt-out add-on. Blocking essential cookies will stop sign-in from working.

6. Contact

Questions about cookies or your data: upendra@proctorai.io.
