Privacy Policy for GradeWithAI

Last Updated: January 28, 2026

At GradeWithAI, accessible from gradewithai.com, one of our main priorities is the privacy of our visitors. This Privacy Policy document contains types of information that is collected and recorded by GradeWithAI and how we use it.

If you have additional questions or require more information about our Privacy Policy, do not hesitate to contact us.

This Privacy Policy applies only to our online activities and is valid for visitors to our website with regards to the information that they shared and/or collect in GradeWithAI. This policy is not applicable to any information collected offline or via channels other than this website.

Consent

By using our website, you hereby consent to our Privacy Policy and agree to its terms. GradeWithAI's use and transfer to any other app of information received from Google APIs will adhere to Google API Services User Data Policy, including the Limited Use requirements.

Information we collect

The personal information that you are asked to provide, and the reasons why you are asked to provide it, will be made clear to you at the point we ask you to provide your personal information.

If you contact us directly, we may receive additional information about you such as your name, email address, phone number, the contents of the message and/or attachments you may send us, and any other information you may choose to provide.

When you register for an Account, we may ask for your contact information, including items such as name, company name, address, email address, and telephone number.

How we use your information

We use the information we collect in various ways, including to:

Provide, operate, and maintain our website

Improve, personalize, and expand our website

Understand and analyze how you use our website

Develop new products, services, features, and functionality

Communicate with you, either directly or through one of our partners, including for customer service, and to provide you with updates and other information relating to the website

Send you emails

Find and prevent fraud

We do not transfer or disclose your information to third parties for purposes other than the ones provided. Security procedures are in place to protect the confidentiality of your data.

Log Files

GradeWithAI follows a standard procedure of using log files. These files log visitors when they visit websites. All hosting companies do this and a part of hosting services' analytics. The information collected by log files include internet protocol (IP) addresses, browser type, Internet Service Provider (ISP), date and time stamp, referring/exit pages, and possibly the number of clicks. These are not linked to any information that is personally identifiable. The purpose of the information is for analyzing trends, administering the site, tracking users' movement on the website, and gathering demographic information.

Cookies and Web Beacons

Like any other website, GradeWithAI uses "cookies". These cookies are used to store information including visitors' preferences, and the pages on the website that the visitor accessed or visited. The information is used to optimize the users' experience by customizing our web page content based on visitors' browser type and/or other information.

Advertising Partners Privacy Policies

You may consult this list to find the Privacy Policy for each of the advertising partners of GradeWithAI.

Third-party ad servers or ad networks use technologies like cookies, JavaScript, or Web Beacons that are used in their respective advertisements and links that appear on GradeWithAI, which are sent directly to users' browser. They automatically receive your IP address when this occurs. These technologies are used to measure the effectiveness of their advertising campaigns and/or to personalize the advertising content that you see on websites that you visit.

Note that GradeWithAI has no access to or control over these cookies that are used by third-party advertisers.

Third Party Privacy Policies

GradeWithAI's Privacy Policy does not apply to other advertisers or websites. Thus, we are advising you to consult the respective Privacy Policies of these third-party ad servers for more detailed information. It may include their practices and instructions about how to opt-out of certain options.

You can choose to disable cookies through your individual browser options. To know more detailed information about cookie management with specific web browsers, it can be found at the browsers' respective websites.

CCPA Privacy Rights (Do Not Sell My Personal Information)

Under the CCPA, among other rights, California consumers have the right to:

Request that a business that collects a consumer's personal data disclose the categories and specific pieces of personal data that a business has collected about consumers.

Request that a business delete any personal data about the consumer that a business has collected.

Request that a business that sells a consumer's personal data, not sell the consumer's personal data.

If you make a request, we have one month to respond to you. If you would like to exercise any of these rights, please contact us.

GDPR Data Protection Rights

We would like to make sure you are fully aware of all of your data protection rights. Every user is entitled to the following:

The right to access – You have the right to request copies of your personal data. We may charge you a small fee for this service.

The right to rectification – You have the right to request that we correct any information you believe is inaccurate. You also have the right to request that we complete the information you believe is incomplete.

The right to erasure – You have the right to request that we erase your personal data, under certain conditions.

The right to restrict processing – You have the right to request that we restrict the processing of your personal data, under certain conditions.

The right to object to processing – You have the right to object to our processing of your personal data, under certain conditions.

The right to data portability – You have the right to request that we transfer the data that we have collected to another organization, or directly to you, under certain conditions.

If you make a request, we have one month to respond to you. If you would like to exercise any of these rights, please contact us.

Children's Information (COPPA Compliance)

Another part of our priority is adding protection for children while using the internet. We encourage parents and guardians to observe, participate in, and/or monitor and guide their online activity.

GradeWithAI does not knowingly collect any Personal Identifiable Information from children under the age of 13 outside of the educational context. When used by schools, we rely on schools to provide consent on behalf of parents for the limited collection of student information for educational purposes only, as permitted by FTC guidance on COPPA in educational settings.

If you think that your child provided personal information on our website outside of the school context, we strongly encourage you to contact us immediately and we will do our best efforts to promptly remove such information from our records.

Student Data Privacy (FERPA Compliance)

GradeWithAI is fully compliant with the Family Educational Rights and Privacy Act (FERPA). When schools use our service, we act as a "school official" under FERPA with a legitimate educational interest in the student data we process.

We are committed to protecting student education records and will not disclose personally identifiable information from education records without proper authorization. For comprehensive information about our student data privacy practices, FERPA/COPPA compliance, and data governance, please see our Student Data Privacy page.

Schools and districts seeking a formal Data Processing Agreement (DPA) can review our standard Data Processing Agreement or contact us at john@gradewithai.com.

Changes to This Privacy Policy

We may update our Privacy Policy from time to time. Thus, we advise you to review this page periodically for any changes. We will notify you of any changes by posting the new Privacy Policy on this page. These changes are effective immediately, after they are posted on this page.

Contact Us

If you have any questions or suggestions about our Privacy Policy, do not hesitate to contact us at john@gradewithai.com.

Student Data Privacy

Last Updated: January 28, 2026

GradeWithAI is committed to protecting the privacy and security of student data. This document outlines our compliance with federal and state student privacy laws, our data governance practices, and the privacy controls we have implemented to protect student information.

Compliance: FERPA, COPPA, SOPIPA, and applicable state student privacy laws.

Overview

GradeWithAI provides AI-powered grading assistance to teachers and educational institutions. We understand the critical importance of protecting student data and have built our platform with privacy and security at its core. We operate as a "school official" under FERPA when schools use our service, meaning we are bound by the same privacy requirements as the school itself.

FERPA Compliance

The Family Educational Rights and Privacy Act (FERPA) is a federal law that protects the privacy of student education records. GradeWithAI fully complies with FERPA requirements.

Our FERPA Commitments

School Official Exception: GradeWithAI operates under the "school official" exception to FERPA (34 CFR 99.31(a)(1)), performing services that the school would otherwise perform itself. We are under the direct control of the school regarding the use and maintenance of education records.

Legitimate Educational Interest: We only access student data when there is a legitimate educational interest, and only the minimum data necessary to provide our grading services.

No Re-disclosure: We do not disclose personally identifiable information from education records to third parties without proper authorization, except as permitted under FERPA.

Data Security: We maintain reasonable security measures to protect student education records from unauthorized access, destruction, use, modification, or disclosure.

Annual Notification Support: We support schools' obligation to notify parents annually of their FERPA rights.

Education Records We Process

When teachers use GradeWithAI, the following student information may be processed:

Student names (as provided through LMS integrations)

Assignment submissions (essays, test answers, homework responses)

Grades and feedback generated by our AI

Course and class information

What We Do NOT Collect

Social Security numbers

Financial information

Medical or health records

Disciplinary records

Biometric data (facial recognition, fingerprints, voice prints)

Geolocation data of students

Student or parent contact information for marketing

COPPA Compliance

The Children's Online Privacy Protection Act (COPPA) requires parental consent before collecting personal information from children under 13. GradeWithAI complies with COPPA, including the 2025 amendments effective April 2026.

Our COPPA Commitments

School Consent: In the K-12 educational context, we rely on schools to provide consent on behalf of parents for the collection of student information, as permitted by the FTC's guidance on COPPA compliance in schools. This consent is limited to educational purposes only.

Limited Collection: We collect only the information necessary to provide our educational grading services.

No Targeted Advertising: We do not use student data for targeted advertising or create advertising profiles based on student information.

No Selling of Data: We never sell, rent, or trade student personal information to any third party.

Parental Rights: Parents have the right to review their child's information, request deletion, and refuse further collection. Schools can facilitate these requests on behalf of parents.

Data Retention Limits: We retain student data only as long as necessary to fulfill educational purposes, and delete it upon school request or when the educational relationship ends.

SOPIPA Compliance (California)

The Student Online Personal Information Protection Act (SOPIPA) is a California law that has been adopted by many states. GradeWithAI complies with SOPIPA and similar state laws.

Our SOPIPA Commitments

No Targeted Advertising: We do not use student information to target advertising to students.

No Profiling: We do not create profiles of students for non-educational purposes.

No Selling of Information: We do not sell student information or disclose it for commercial purposes.

Security: We implement and maintain reasonable security procedures to protect student information.

Deletion: We delete student information within a reasonable time after a school or district requests deletion, or when the information is no longer needed for educational purposes.

Transparency: We are transparent about our data practices and make this information publicly available.

Data Governance

Data Ownership

Schools and districts retain ownership of all student data. We act as a data processor on behalf of the school. Schools can request export or deletion of their data at any time.

Data Access Controls

Only authenticated teachers can access their own students' data

Role-based access controls limit data visibility

Administrators cannot access student submission content without explicit school authorization

All data access is logged and auditable

Data Retention

Student submissions are retained only while needed to provide the grading service

Schools can configure their own retention policies

Upon account deletion or contract termination, all associated student data is deleted within 30 days

Schools can request immediate deletion at any time

Data Deletion

Schools and teachers can request data deletion through:

Email request to john@gradewithai.com

Account settings (for teachers deleting their own data)

Formal written request from authorized school personnel

Upon receiving a valid deletion request, we will delete the specified data within 30 days and provide confirmation of deletion.

Third-Party Service Providers

We use select third-party service providers to operate our platform. All providers are contractually bound to:

Process data only as instructed by us

Maintain appropriate security measures

Not use data for their own purposes

Delete data upon termination of services

Our Key Providers

Supabase: Database hosting (data stored in US)

Vercel: Application hosting (data processed in US)

OpenAI/Anthropic/Google: AI processing (data not retained for training per our agreements)

We do not share student data with any other third parties for marketing, advertising, or other commercial purposes.

Security Measures

We implement comprehensive security measures to protect student data. For detailed information, please see our Security Practices page.

Encryption of data in transit (TLS 1.2+) and at rest (AES-256)

Regular security assessments and penetration testing

Employee background checks and security training

Incident response procedures

Access logging and monitoring

Breach Notification

In the event of a data breach affecting student information, we will:

Notify affected schools within 72 hours of discovering the breach

Provide details about the nature of the breach and data affected

Cooperate with schools to notify parents as required by law

Take immediate steps to mitigate the breach and prevent recurrence

District Agreements

We offer formal Data Processing Agreements (DPAs) for schools and districts. Our DPA is based on the Student Data Privacy Consortium (SDPC) National Data Privacy Agreement (NDPA) template and can be customized to meet specific state requirements.

To request a DPA or discuss enterprise deployment, please contact us at john@gradewithai.com.

View our standard Data Processing Agreement.

Parental Rights

Parents have the right to:

Review their child's education records processed by GradeWithAI through their school

Request correction of inaccurate information through their school

Request deletion of their child's data through their school

Opt their child out of using GradeWithAI (schools may provide alternative grading methods)

To exercise these rights, parents should contact their child's school directly. Schools can then work with us to fulfill these requests.

State-Specific Compliance

In addition to federal laws, we comply with state-specific student privacy laws, including but not limited to:

California - SOPIPA, California Consumer Privacy Act (CCPA)

New York - Education Law 2-d

Colorado - Student Data Transparency and Security Act

Connecticut - Student Data Privacy Act

And student privacy laws in all other applicable states

Contact us for state-specific compliance documentation at john@gradewithai.com.

Changes to This Policy

We may update this Student Data Privacy documentation from time to time. We will notify schools of material changes via email and post the updated policy on this page with a new "Last Updated" date.

Contact

For questions about student data privacy, FERPA/COPPA compliance, or to request a Data Processing Agreement, email john@gradewithai.com.

Data Processing Agreement

Last Updated: January 28, 2026

This Data Processing Agreement ("DPA") is aligned with the Student Data Privacy Consortium (SDPC) National Data Privacy Agreement (NDPA) and is designed for use by K-12 schools and districts. For customized DPAs or state-specific addenda, contact us at john@gradewithai.com.

1. Parties

This Data Processing Agreement ("DPA") is entered into by and between:

"Provider": GradeWithAI (the "Company", "we", "us", or "our")

"Local Education Agency" (LEA): The school, school district, or educational institution entering into this agreement

2. Purpose and Scope

The purpose of this DPA is to describe the duties and responsibilities of the Provider with respect to the protection of Student Data and to ensure compliance with the Family Educational Rights and Privacy Act (FERPA), the Children's Online Privacy Protection Act (COPPA), and applicable state student privacy laws.

This DPA applies to all Student Data that is provided to, accessed by, or collected by the Provider in connection with the delivery of services under the Terms of Service agreement between the parties.

3. Definitions

"Student Data" means any information that is directly related to an identifiable current or former student that is maintained by a school, school district, or related entity or organization, or by us. Student Data may include "educational records" as defined by FERPA.

"Personally Identifiable Information" (PII) means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other information.

"De-Identified Data" means data that has been stripped of all direct and indirect identifiers, with no reasonable basis to believe the information can be used to identify an individual student.

"Aggregated Data" means data collected from multiple individuals that has been combined and summarized without containing any PII.

4. Student Data Collection and Use

4.1 Data Elements Collected

The Provider may collect the following categories of Student Data in connection with the Services:

Student name (first, last)

Student email address (if provided by LMS)

Student ID (as assigned by the LMS)

Course/class enrollment information

Assignment submissions (text, documents, images)

Grades and feedback provided by the Service

4.2 Data NOT Collected

The Provider does NOT collect:

Social Security numbers

Financial or payment information from students

Medical or health records

Biometric information

Geolocation data

Student or parent contact information for non-educational purposes

Disciplinary records

Juvenile delinquency records

4.3 Permitted Uses

The Provider shall use Student Data solely for the following purposes:

Providing the contracted grading and feedback services to the LEA

Improving and maintaining the educational services

Providing technical support to users

Ensuring the security and integrity of the platform

Complying with legal obligations

4.4 Prohibited Uses

The Provider shall NOT:

Sell Student Data or use it for targeted advertising to students

Use Student Data to create profiles for non-educational purposes

Disclose Student Data to third parties for commercial purposes

Use Student Data for any purpose not specified in this DPA or the Terms of Service

Use Student Data in any manner inconsistent with FERPA, COPPA, or applicable state laws

5. Data Security

5.1 Security Program

The Provider shall maintain a comprehensive information security program that includes administrative, technical, and physical safeguards appropriate to the nature, size, and complexity of the Provider's activities and the sensitivity of the Student Data.

5.2 Security Measures

At minimum, the Provider shall implement:

Encryption of Student Data in transit (TLS 1.2 or higher)

Encryption of Student Data at rest (AES-256 or equivalent)

Access controls and authentication mechanisms

Regular security assessments and vulnerability testing

Employee security awareness training

Incident response procedures

Secure data disposal procedures

5.3 Access Controls

Access to Student Data shall be limited to Provider personnel who require access to perform services under this DPA. All such personnel shall be bound by confidentiality obligations.

6. Data Breach Response

6.1 Notification

In the event of a Security Incident involving unauthorized access to, disclosure of, or acquisition of Student Data, the Provider shall:

Notify the LEA within seventy-two (72) hours of discovering the incident

Provide the LEA with a description of the incident, including the types of data involved

Take immediate steps to investigate and mitigate the incident

Cooperate with the LEA to provide required notifications to parents and students

Provide regular updates on the investigation and remediation efforts

6.2 Notification Contents

The breach notification shall include:

A description of the incident

The types of information involved

Actions taken in response

Steps individuals can take to protect themselves

Contact information for questions

7. Data Retention and Deletion

7.1 Retention Period

The Provider shall retain Student Data only for as long as necessary to fulfill the educational purposes for which it was collected, or as required by the LEA, or as required by law.

7.2 Deletion Upon Request

Upon written request from the LEA, the Provider shall:

Delete all Student Data within thirty (30) calendar days

Provide written certification of deletion to the LEA

Ensure that all subprocessors also delete the relevant Student Data

7.3 Deletion Upon Termination

Upon termination or expiration of the service agreement:

The LEA may request export of its Student Data before deletion

All Student Data shall be deleted within thirty (30) days unless the LEA requests a different timeframe

The Provider shall provide certification of deletion upon request

8. Subprocessors

8.1 Authorized Subprocessors

The LEA authorizes the Provider to use the following categories of subprocessors to process Student Data:

Cloud infrastructure providers (hosting, storage)

AI/Machine learning service providers

Security and monitoring tools

8.2 Subprocessor Obligations

The Provider shall ensure that any subprocessor processing Student Data is bound by data protection obligations no less protective than those in this DPA.

8.3 Current Subprocessors

A list of current subprocessors is available at our Security page. The Provider shall notify the LEA of any material changes to subprocessors.

9. FERPA Compliance

The Provider acknowledges that it may receive Student Data that constitutes "education records" under FERPA and agrees to:

Act as a "school official" with "legitimate educational interests" under FERPA

Be under the direct control of the LEA with respect to the use and maintenance of education records

Use Student Data only for the purposes specified in this DPA

Not re-disclose Student Data except as permitted by FERPA

Support the LEA in responding to parent requests regarding education records

10. COPPA Compliance

For Student Data relating to children under 13, the Provider acknowledges that:

The LEA is providing consent on behalf of parents for the collection of Student Data solely for educational purposes

The Provider will collect only the minimum information necessary to provide the Services

The Provider will not use Student Data for commercial purposes, including targeted advertising

Parents retain the right to review their child's information and request deletion through the LEA

11. State Law Compliance

The Provider agrees to comply with applicable state student privacy laws, including but not limited to:

California Student Online Personal Information Protection Act (SOPIPA)

New York Education Law 2-d

Other state-specific student privacy laws as applicable

State-specific addenda are available upon request for LEAs in states with specific contractual requirements.

12. Data Ownership

The LEA retains sole ownership of all Student Data. The Provider acquires no rights in the Student Data other than the limited rights to process it as specified in this DPA.

13. Auditing and Monitoring

Upon reasonable notice and subject to confidentiality obligations, the Provider shall:

Allow the LEA to audit the Provider's compliance with this DPA

Provide documentation and information necessary to demonstrate compliance

Cooperate with any regulatory inquiries regarding Student Data protection

14. Training

The Provider shall ensure that all personnel with access to Student Data receive appropriate training on:

Student data privacy requirements

FERPA and COPPA obligations

Security best practices

Incident response procedures

15. Amendments

This DPA may be amended only in writing signed by both parties. Either party may propose amendments to address changes in law or best practices.

16. Term

This DPA shall remain in effect for the duration of the service agreement between the parties. Data protection obligations shall survive termination.

17. Contact

For questions about this DPA or to request a customized agreement, email john@gradewithai.com.

Execution

To execute this DPA, authorized representatives of both parties should sign below. For digital execution, contact us at john@gradewithai.com to receive an electronic signature version.

Security Practices

Last Updated: January 28, 2026

GradeWithAI is committed to maintaining the highest standards of security to protect student data, teacher information, and educational records. This document outlines our comprehensive security practices.

Data Encryption

Encryption in Transit

All data transmitted between users and GradeWithAI is encrypted using Transport Layer Security (TLS) 1.2 or higher. This includes:

All web traffic (HTTPS enforced)

API communications

LMS integration data transfers

Internal service communications

Encryption at Rest

All stored data is encrypted using AES-256 encryption, including:

Database contents

File storage (student submissions, documents)

Backups

Logs containing sensitive information

Infrastructure Security

Cloud Infrastructure

GradeWithAI is hosted on industry-leading cloud platforms with robust security certifications:

Application Hosting: Vercel (SOC 2 Type II certified)

Database: Supabase (SOC 2 Type II certified, data stored in US)

AI Processing: Agreements with OpenAI, Anthropic, and Google with data processing terms that prohibit training on customer data

Network Security

Web Application Firewall (WAF) protection

DDoS mitigation

Rate limiting on all API endpoints

IP-based access restrictions (available for enterprise)

Regular vulnerability scanning

Data Isolation

Each school's data is logically isolated within our systems. Teachers can only access data for their own students, and administrators can only access data within their organization.

Access Controls

Authentication

Secure password requirements (minimum length, complexity)

OAuth 2.0 integration with Google and Microsoft

Session timeout after period of inactivity

Multi-factor authentication (MFA) available for enterprise accounts

Authorization

Role-based access control (RBAC)

Principle of least privilege for all system access

Teachers can only access their own classes and students

API keys scoped to specific permissions

Administrative Access

GradeWithAI employees do not have routine access to student data

Access to production systems requires MFA and is logged

All administrative access is reviewed and audited regularly

Background checks for employees with data access

Application Security

Secure Development

Security-focused code review process

Automated security scanning in CI/CD pipeline

Dependency vulnerability monitoring

Regular security training for developers

OWASP Top 10 Protection

We implement controls to protect against the OWASP Top 10 web application security risks:

SQL injection prevention

Cross-site scripting (XSS) protection

Cross-site request forgery (CSRF) protection

Secure authentication and session management

Input validation and output encoding

API Security

API authentication required for all endpoints

Rate limiting to prevent abuse

Input validation on all API requests

Detailed API access logging

Security Assessments

Penetration Testing

We conduct regular penetration testing by qualified third-party security firms. Testing includes:

Annual comprehensive penetration tests

Quarterly vulnerability assessments

Testing after major feature releases

Vulnerability Management

Continuous automated vulnerability scanning

Critical vulnerabilities addressed within 24 hours

High vulnerabilities addressed within 7 days

Regular patching schedule for all systems

Monitoring and Logging

Security Monitoring

24/7 automated security monitoring

Real-time alerting on suspicious activities

Anomaly detection systems

Regular log analysis and review

Audit Logging

We maintain comprehensive audit logs including:

User authentication events

Data access and modifications

Administrative actions

API access

Security events

Logs are retained for a minimum of 12 months and are protected from tampering.

Incident Response

Incident Response Plan

We maintain a documented incident response plan that includes:

Incident classification and severity levels

Response team roles and responsibilities

Communication procedures

Containment and eradication procedures

Recovery and lessons learned processes

Notification Timeline

Security incidents affecting customer data: notification within 72 hours

Regular updates provided during incident investigation

Post-incident report provided to affected customers

Business Continuity

Data Backup

Daily automated backups

Backups encrypted and stored in geographically separate location

Regular backup restoration testing

Point-in-time recovery capability

Disaster Recovery

Documented disaster recovery plan

Recovery Time Objective (RTO): 4 hours

Recovery Point Objective (RPO): 1 hour

Annual disaster recovery testing

Employee Security

Background Checks

All employees with access to customer data undergo background checks prior to employment.

Security Training

Security awareness training upon hire

Annual security refresher training

Phishing awareness programs

Role-specific security training for developers

Access Management

Principle of least privilege for all access

Access reviewed quarterly

Immediate access revocation upon termination

Third-Party Vendors

Subprocessor Security Requirements

All third-party vendors with access to customer data must meet our security requirements, including:

Security certifications (SOC 2 or equivalent)

Data processing agreements

Regular security assessments

Data handling and deletion procedures

Current Subprocessors

Vendor | Purpose | Data Location |

Supabase | Database hosting | United States |

Vercel | Application hosting | United States |

OpenAI | AI processing | United States |

Anthropic | AI processing | United States |

Stripe | Payment processing | United States |

Compliance

Certifications and Frameworks

SOC 2 Type II aligned security controls

FERPA compliant

COPPA compliant

SOPIPA compliant

Regular Assessments

Annual third-party security audits

Quarterly internal security reviews

Continuous compliance monitoring

Responsible Disclosure

We welcome security researchers to help us maintain the security of our platform. If you discover a security vulnerability, please report it to:

john@gradewithai.com

Please include:

Description of the vulnerability

Steps to reproduce

Potential impact

Any suggestions for remediation

We commit to responding to security reports within 48 hours and will work with researchers to understand and address issues promptly.

Security FAQ

Fast answers to common security and compliance questions.

Is GradeWithAI FERPA and COPPA aware?

GradeWithAI is designed for K-12 environments with workflows aligned to FERPA and COPPA expectations, including controlled data access and documented privacy practices.

Is data encrypted in transit and at rest?

Yes. GradeWithAI uses TLS for data in transit and encryption at rest for stored records and files.

Where is customer data processed and stored?

GradeWithAI infrastructure is hosted on established cloud providers with US-based data handling for core platform services.

Is student data used to train AI models?

GradeWithAI works with AI providers under data processing terms intended to prevent customer data from being used for provider model training. This applies to both grading and AI detection processing.

What happens if a security issue is reported?

GradeWithAI follows an incident response process with triage, containment, remediation, and customer communication timelines based on severity.

Terms of Service for GradeWithAI

Last Updated: 06/26/2025

Please read these terms of service ("Terms", "Terms of Service") carefully before using the GradeWithAI website and services (the "Service") operated by GradeWithAI ("us", "we", "our").

Conditions of Use

We will provide our services to you, which are subject to the conditions stated below in this document. Every time you visit this website, use its services or make a purchase, you accept the following conditions. This is why we urge you to read them carefully.

Privacy Policy

Before you continue using our website we advise you to read our privacy policy regarding our user data collection. It will help you better understand our practices.

Account Registration

To access certain features of our Service, you may be required to create an account. You agree to:

Provide accurate, current, and complete information

Maintain and promptly update your account information

Keep your password secure and confidential

Accept responsibility for all activities under your account

Notify us immediately of any unauthorized use

Payment Terms and Refund Policy

All payments are processed securely through our payment providers. By purchasing our services:

You agree to pay all fees associated with your selected plan

All sales are final and non-refundable

No refunds will be issued for partial use of services

We reserve the right to change our pricing at any time

Intellectual Property

You agree that all materials, products, and services provided on this website, including but not limited to information, documents, logos, graphics, sounds, and images (the "Materials") are owned by GradeWithAI and/or its affiliates or advertisers. You are authorized to use the Materials only as expressly authorized by us.

Acceptable Use Policy

You agree not to:

Use the Service for any illegal purpose or in violation of any laws

Upload or transmit viruses or malicious code

Attempt to gain unauthorized access to any portion of the Service

Harass, abuse, or harm other users

Use the Service to spam or send unsolicited communications

Reverse engineer or attempt to extract the source code of our Service

API Usage

Spamming our API is strictly prohibited. Any attempts to do so will result in immediate termination of your access to our services and may subject you to legal action. Rate limits apply to all API usage.

User Obligations

You are prohibited from attempting to circumvent and from violating the security of this Site including without limitation: (a) accessing content and data that is not intended for you; (b) attempting to breach or breaching the security and/or authentication measures which are not authorized; (c) restrict, disrupt or disable service to users, hosts, servers or networks; (d) illicitly reproducing TCP/IP packet header; (e) disrupting network services and otherwise disrupting website owner's ability to monitor the website.

Service Availability

While we strive to provide continuous service:

We do not guarantee uninterrupted access to our Service

We may perform maintenance that could temporarily affect availability

We are not liable for any loss resulting from Service interruptions

Limitation of Liability

To the maximum extent permitted by law, GradeWithAI shall not be liable for any indirect, incidental, special, consequential, or punitive damages, or any loss of profits or revenues, whether incurred directly or indirectly, or any loss of data, use, goodwill, or other intangible losses.

Indemnification

You agree to indemnify and hold harmless GradeWithAI and its officers, directors, employees, and agents from any claims, disputes, demands, liabilities, damages, losses, and costs and expenses, including reasonable legal fees, arising out of or in any way connected with your use of our Service.

Termination

We may terminate or suspend your account and access to the Service immediately, without prior notice or liability, for any reason whatsoever, including without limitation if you breach the Terms.

Disclaimer of Warranties

The Service is provided on an "AS IS" and "AS AVAILABLE" basis. We make no warranties, expressed or implied, and hereby disclaim all warranties including, without limitation, implied warranties of merchantability, fitness for a particular purpose, or non-infringement.

Communications

The entire communication with us is electronic. Every time you send us an email or visit our website, you are going to be communicating with us. You hereby consent to receive communications from us.

Applicable Law

By visiting this website, you agree that the laws of the State of California, without regard to principles of conflict laws, will govern these terms of service, or any dispute of any sort that might come between GradeWithAI and you, or its business partners and associates.

Disputes

Any dispute related in any way to your visit to this website or to products you purchase from us shall be arbitrated by state or federal court of California and you consent to exclusive jurisdiction and venue of such courts.

Changes to These Terms of Service

We reserve the right to modify these terms of service at any time, so please review it frequently. Changes and clarifications will take effect immediately upon their posting on the website. Your continued use of the Service after any changes constitutes acceptance of the new Terms.

Severability

If any provision of these Terms is held to be invalid or unenforceable, the remaining provisions will continue in full force and effect.

Entire Agreement

These Terms constitute the entire agreement between you and GradeWithAI regarding the use of the Service.

Contact Us

If you have any questions about these Terms, please contact us at john@gradewithai.com.
