Introduction

Welcome to ExamAI ("we," "our," or "us"). We are committed to protecting your personal information and your right to privacy. This Privacy Policy explains what information we collect, how we use it, and what rights you have in relation to it.

By using ExamAI's services, you agree to the collection and use of information in accordance with this policy. If you do not agree with our policies and practices, please do not use our services.

1. Information We Collect

Personal Information

We collect information that you provide directly to us, including:

Name and email address

Account credentials (encrypted)

Profile information (role, institution, subjects taught)

Payment information (processed securely through third-party providers)

Communication preferences

Educational Content

Exam questions and answers you create or upload

Student submissions and grades

Course materials and syllabi

Files uploaded for AI processing (PDFs, images, documents)

Usage Information

Log data (IP address, browser type, pages visited)

Device information

Usage patterns and feature interactions

Performance and diagnostic data

Cookies and Tracking

We use cookies and similar tracking technologies to track activity on our service and store certain information. See our Cookie Policy below for details.

2. How We Use Your Information

We use the collected information for various purposes:

Provide Services: To deliver, maintain, and improve our AI-powered assessment platform

Process Exams: To generate questions, grade submissions, and provide analytics

Communication: To send you updates, newsletters, and support messages

Payment Processing: To process transactions and manage subscriptions

Personalization: To customize your experience and recommend features

Analytics: To understand usage patterns and improve our service

Security: To detect, prevent, and address technical issues and fraud

Compliance: To comply with legal obligations and enforce our terms

3. Data Security

We implement industry-standard security measures to protect your information:

Encryption: All data is encrypted in transit (TLS/SSL) and at rest

Access Controls: Role-based access and authentication requirements

Secure Infrastructure: Hosted on secure, SOC 2 compliant servers (Supabase)

Regular Audits: Security assessments and vulnerability testing

Data Backups: Regular automated backups with encryption

Limited Retention: Data is retained only as long as necessary

Important: While we strive to protect your information, no method of transmission over the internet or electronic storage is 100% secure. We cannot guarantee absolute security.

4. Third-Party Services

We use trusted third-party services to operate our platform. Your data may be processed by:

Supabase (Database & Authentication)

Stores user accounts, exam data, and application information. Supabase is SOC 2 Type II certified and GDPR compliant.

View Supabase Privacy Policy →

Google Gemini via Vertex AI (AI Processing)

Processes educational content for AI-assisted grading, exam generation, content analysis, and transcription. The following types of data may be sent to Google Gemini for processing:

Exam photos and scanned papers

Student answers and submissions

Course materials and documents (PDFs, text)

Audio recordings and transcriptions

Exam questions and rubrics

Data sent to Google Gemini is processed solely for the features you use. It is not used to train AI models and is handled in accordance with Google Cloud's enterprise data processing terms.

View Google Cloud Privacy Notice →

Stripe (Payment Processing)

Handles payment processing. We do not store credit card information on our servers.

View Stripe Privacy Policy →

Microsoft Clarity (Analytics)

Provides usage analytics and session recording to help us improve user experience.

View Microsoft Privacy Policy →

5. Your Rights

Depending on your location, you may have the following rights regarding your personal information:

Access: Request a copy of your personal data

Correction: Update or correct inaccurate information

Deletion: Request deletion of your account and data

Portability: Receive your data in a machine-readable format

Objection: Object to processing of your personal information

Restriction: Request restriction of processing

Withdrawal: Withdraw consent at any time

To exercise these rights, please contact us at privacy@examai.ai

6. Cookie Policy

We use cookies and similar tracking technologies to improve your experience:

Essential Cookies

Required for the website to function properly. These cannot be disabled.

Functional Cookies

Remember your preferences and settings (language, theme, etc.)

Analytics Cookies

Help us understand how visitors interact with our website (Microsoft Clarity)

You can control cookies through your browser settings. Note that disabling cookies may affect functionality.

7. Children's Privacy

ExamAI is designed for use in educational settings. Students under 13 may use our service only through their school or with parental consent, as required by COPPA (Children's Online Privacy Protection Act).

We do not knowingly collect personal information from children under 13 without proper authorization. If you believe we have inadvertently collected such information, please contact us immediately at privacy@examai.ai

8. Changes to This Privacy Policy

We may update this Privacy Policy from time to time. We will notify you of any changes by:

Posting the new Privacy Policy on this page

Updating the "Last Updated" date

Sending an email notification for material changes

You are advised to review this Privacy Policy periodically for any changes. Changes are effective when posted on this page.

9. Contact Us

If you have any questions about this Privacy Policy or our privacy practices, please contact us:

Email: privacy@examai.ai

General Support: hello@examai.ai

Contact Form: Visit our Contact Page

GDPR & CCPA Compliance

ExamAI complies with the General Data Protection Regulation (GDPR) and the California Consumer Privacy Act (CCPA). We are committed to protecting your data rights and privacy. For specific inquiries related to GDPR or CCPA, please contact our Data Protection Officer at privacy@examai.ai

ExamAI Data Policy Framework

This document outlines ExamAI's approach to data handling, privacy, and security. It reflects our current technology stack and practices, providing transparency for educational institutions evaluating our platform.

Technology Infrastructure

Platform Architecture

ExamAI is built on the following core technologies:

Frontend: React-based web application developed using Lovable, with Tailwind CSS for styling

Backend: Supabase platform, providing PostgreSQL database, authentication, and storage capabilities

AI Services: Integration with OpenAI's API for AI-powered features

Data Storage: Supabase-managed PostgreSQL database hosted on AWS infrastructure

Data Storage & Processing

Our data handling approach includes:

Supabase-managed data storage with industry-standard encryption at rest and in transit

Row-Level Security (RLS) policies that enforce access control at the database level

JSON Web Token (JWT) authentication for secure data access

Regional data storage options in accordance with Supabase's available regions

Data processing primarily within your regional Supabase instance

Data Collection & Usage

Educational Data Categories

ExamAI collects and processes the following types of data:

Account information (name, email, institutional affiliation)

Course and class management data

Exam content created by professors

Student responses and submissions

AI-generated grading data and feedback

Basic usage analytics to improve platform functionality

Data Retention

Our current data retention practices include:

Data is retained in your Supabase instance for as long as your account remains active

Institutions can request data export in standard formats (CSV, JSON)

Data deletion can be performed upon request, in compliance with applicable laws

We can work with institutions to establish custom retention policies that align with their requirements

Security Framework

Security Measures

Our security approach leverages built-in capabilities of our technology stack:

Supabase's PostgreSQL Row-Level Security (RLS) for fine-grained access control

JWT-based authentication system through Supabase Auth

TLS/SSL encryption for all data in transit

Encryption at rest for database content (provided by Supabase/AWS)

Regular security updates from our technology providers

Role-based access control within the application

Incident Response

In the event of a security incident:

Prompt notification to affected institutions

Transparent communication about the scope and nature of the incident

Collaboration with affected parties to address the issue

Implementation of necessary measures to prevent recurrence

Compliance with applicable breach notification laws

Compliance & Regulations

Regulatory Framework

ExamAI's architecture provides capabilities to help you comply with:

FERPA (Family Educational Rights and Privacy Act) through access controls and data protection

GDPR (General Data Protection Regulation) through data access, portability, and deletion options

CCPA/CPRA (California Consumer Privacy Act/California Privacy Rights Act) through transparency and control over personal information

Institution-specific requirements through customizable data handling processes

Documentation & Agreements

We can provide:

Data Processing Agreements (DPAs) tailored to institutional needs

Documentation of our security practices and technology stack

Information about Supabase and OpenAI's terms of service as they apply to our platform

Custom documentation to address specific compliance concerns

Data Ownership & Rights

Institutional Ownership

Our data ownership model:

Educational institutions retain ownership of their academic content and student data

Exam questions, responses, and analytics remain the property of the institution

ExamAI does not claim ownership of educational content processed through our platform

We do not use institutional data for marketing or other commercial purposes unrelated to providing the service

Clear delineation of data ownership is included in our service agreements

Data Access Rights

Institutions can:

Access their data through the application interface

Request data exports in standard formats

Request data deletion upon contract termination

Manage user permissions within their organizational account

Receive assistance with data migration if needed

AI Usage & Ethics

AI Data Processing

Our AI implementation:

Utilizes OpenAI's API for AI features, including question generation and exam grading

Data sent to OpenAI is subject to their privacy policy and commercial terms

Data submitted to OpenAI is not used to train their models, as per their current commercial terms

We do not retain data in OpenAI systems longer than necessary to provide the service

We can provide details about OpenAI's specific data handling practices upon request

Ethical AI Principles

Our approach to ethical AI:

Transparency about when AI is being used within the platform

Human review options for AI-generated content and grading

Clear indication of AI-generated content

Continuous monitoring of AI outputs for bias and accuracy

Regular updates to AI implementation based on educational best practices

Institutional Collaboration

Customization & Integration

Working with institutions:

Customizable data handling procedures based on institutional requirements

Potential integration with existing Learning Management Systems (LMS)

Adaptation to institution-specific compliance needs

Collaborative approach to implementation and onboarding

Ongoing support for evolving data governance requirements

Implementation Support

Our support includes:

Assistance with initial setup and configuration

Documentation for administrators and end users

Technical consultation for institutional IT teams

Regular updates about platform changes that may affect data handling

Dedicated points of contact for data-related concerns

Technology Providers

Supabase

Our database and authentication provider:

Supabase is built on PostgreSQL and provides database, authentication, and storage services

Infrastructure is hosted on AWS with standard security practices

Data is encrypted at rest and in transit

Offers regional data storage options in various AWS regions

More information: Supabase Security Documentation

OpenAI

Our AI service provider:

OpenAI provides the AI capabilities through their API services

Commercial terms include data handling protections

Data sent to OpenAI is not used to train their models under current commercial terms

OpenAI implements security measures for data in transit and processing

More information: OpenAI Enterprise Privacy

Contact Information

For detailed information or to discuss specific institutional requirements:

Educational Partnerships: hello@examai.ai

Data and Privacy Questions: hello@examai.ai

Technical Information: hello@examai.ai

We're committed to working with educational institutions to ensure that our platform meets their data governance and compliance requirements, with a focus on protecting student privacy and institutional data.

Legal

Terms of Service

Legal terms and conditions governing your use of ExamAI's services.

Last Updated: October 16, 2025

Quick Navigation

Acceptance of TermsUser AccountsAcceptable Use PolicyIntellectual PropertyPayment TermsSubscription & CancellationLimitation of LiabilityContact Us

1. Acceptance of Terms

Welcome to ExamAI. By accessing or using our AI-powered assessment platform ("Service"), you agree to be bound by these Terms of Service ("Terms"). If you do not agree to these Terms, do not use our Service.

These Terms constitute a legally binding agreement between you and ExamAI ("we," "our," or "us"). We reserve the right to modify these Terms at any time. Your continued use of the Service after changes are posted constitutes acceptance of the modified Terms.

Important: By creating an account or using our Service, you represent that you are at least 18 years old or have parental/guardian consent if you are a student under 18.

2. User Accounts

Account Registration

To use certain features of our Service, you must create an account. When creating an account:

Provide accurate, current, and complete information

Maintain and update your information to keep it accurate

Maintain the security of your account credentials

Accept responsibility for all activities under your account

Notify us immediately of any unauthorized access

Account Types

Professor/Educator Accounts

For teachers, professors, and educational professionals who create and grade exams.

Student Accounts

For students taking exams. May be created by educators or through institutional access.

Enterprise Accounts

For educational institutions with multiple users and enhanced features.

3. Acceptable Use Policy

You agree to use the Service only for lawful purposes and in accordance with these Terms. You agree NOT to:

Violate any applicable laws or regulations

Infringe on intellectual property rights of others

Upload malicious code, viruses, or harmful content

Attempt to gain unauthorized access to our systems

Use the Service to harass, abuse, or harm others

Impersonate others or misrepresent your affiliation

Scrape or collect data without permission

Resell or redistribute the Service without authorization

Use AI-generated content to violate academic integrity policies

Share your account credentials with others

Violation Notice: Violation of these terms may result in immediate termination of your account without refund and potential legal action.

4. Intellectual Property

Our Content

The Service and its original content, features, and functionality are owned by ExamAI and are protected by international copyright, trademark, patent, trade secret, and other intellectual property laws.

Your Content

You retain all rights to the educational content you create or upload ("Your Content"). By using our Service:

You grant us a license to use Your Content to provide the Service

You confirm you have the right to upload and use Your Content

You remain responsible for Your Content's accuracy and legality

We do not claim ownership of Your Content

AI-Generated Content

Content generated by our AI (questions, feedback, etc.) is provided as-is. While you may use AI-generated content freely within your educational activities, you should review and verify its accuracy before use.

5. Payment Terms

Pricing

ExamAI offers both free and paid subscription plans. Current pricing is available on our Pricing page.

Billing

Subscriptions are billed monthly or annually in advance

All fees are in USD unless otherwise stated

Payments are processed securely through Stripe

You authorize us to charge your payment method automatically

Failed payments may result in service suspension

Taxes

All fees are exclusive of applicable taxes (VAT, GST, sales tax, etc.), which will be added to your invoice as required by law.

Price Changes

We may change our pricing at any time. We will provide at least 30 days' notice before any price increase affects your subscription. Continued use after the price change constitutes acceptance.

6. Subscription & Cancellation

Free Tier

Our free tier provides limited access to core features. Usage limits are specified on our Pricing page and may be adjusted at our discretion with notice.

Paid Subscriptions

Subscriptions automatically renew unless cancelled

You can cancel anytime through your account settings

Cancellation takes effect at the end of the current billing period

You retain access to paid features until the end of your billing period

No partial refunds for mid-period cancellations

Refund Policy

We offer a 14-day money-back guarantee for new Premium subscriptions. To request a refund:

Contact us within 14 days of your initial purchase

Refunds are not available for renewals or after 14 days

Enterprise contracts may have different terms

Downgrading

You may downgrade to a lower tier or free plan at any time. The change will take effect at the end of your current billing period. Data exceeding free tier limits may be subject to deletion after 30 days.

7. Limitation of Liability

Service "As Is"

The Service is provided "AS IS" and "AS AVAILABLE" without warranties of any kind, either express or implied, including but not limited to:

Merchantability, fitness for a particular purpose

Non-infringement

Accuracy, reliability, or completeness of AI-generated content

Uninterrupted or error-free operation

Security from unauthorized access

Limitation of Damages

To the maximum extent permitted by law, ExamAI shall not be liable for any indirect, incidental, special, consequential, or punitive damages, including but not limited to:

Loss of profits, data, or goodwill

Service interruption or downtime

Errors in AI-generated content

Academic consequences from use of our Service

Maximum Liability

Our total liability to you for any claims arising from your use of the Service is limited to the amount you paid us in the 12 months preceding the claim, or $100, whichever is greater.

Educational Use Notice: ExamAI is a tool to assist education, not replace human judgment. Educators remain responsible for reviewing and validating all AI-generated content before use in assessments.

8. Dispute Resolution

Informal Resolution

Before filing a claim, you agree to contact us at legal@examai.ai to attempt to resolve the dispute informally. We will work with you in good faith to reach a resolution.

Governing Law

These Terms are governed by and construed in accordance with the laws of the State of Delaware, United States, without regard to its conflict of law provisions.

Arbitration

Any disputes not resolved informally shall be settled by binding arbitration in accordance with the rules of the American Arbitration Association. The arbitration shall be conducted in English in Delaware, USA.

9. Termination

By You

You may terminate your account at any time through your account settings or by contacting us.

By Us

We may suspend or terminate your account if:

You violate these Terms

Your use poses a security or legal risk

Your account is inactive for an extended period

We discontinue the Service (with 30 days' notice)

Effect of Termination

Upon termination, your right to use the Service ceases immediately. We will provide a reasonable opportunity (30 days) to export your data. After this period, your data may be permanently deleted.

10. Changes to These Terms

We reserve the right to modify these Terms at any time. We will notify you of material changes by:

Posting the updated Terms on this page

Updating the "Last Updated" date

Sending an email notification to your registered address

Your continued use of the Service after changes become effective constitutes acceptance of the revised Terms.

11. Contact Us

If you have any questions about these Terms of Service, please contact us:

Legal Inquiries: legal@examai.ai

General Support: hello@examai.ai

Contact Form: Visit our Contact Page

Company Information:

ExamAI, Inc.

Delaware, United States

Acknowledgment

By using ExamAI, you acknowledge that you have read, understood, and agree to be bound by these Terms of Service. You also acknowledge that you have read our Privacy Policy and understand how we collect, use, and protect your information.
